CSAT TIPs and TIP Collateral Products

What Is a TIP?

Treatment Improvement Protocols (TIPs) are the products of a systematic and innovative process that brings together clinicians, researchers, program managers, policymakers, and other Federal and non-Federal experts to reach consensus on state-of-the-art treatment practices. TIPs are developed under CSAT's Knowledge Application Program to improve the treatment capabilities of the Nation's alcohol and drug abuse treatment service system.

What Is a Quick Guide?

A Quick Guide clearly and concisely presents the primary information from a TIP in a pocket-sized booklet. Each Quick Guide is divided into sections to help readers quickly locate relevant material. Some contain glossaries of terms or lists of resources. Page numbers from the original TIP are referenced so providers can refer back to the source document for more information.

What Are KAP Keys?

Also based on TIPs, KAP Keys are handy, durable tools. Keys may include assessment or screening instruments, checklists, and summaries of treatment phases. Printed on coated paper, each KAP Keys set is fastened together with a key ring and can be kept within a treatment provider's reach and consulted frequently. The Keys allow the busy clinician or program administrator to locate information easily and to use this information to enhance treatment services.

TIP 1

Replaced by **TIP 43: Medication-Assisted Treatment for Opioid Addiction in Opioid Treatment Programs.**

*TIP 2: Pregnant, Substance-Using Women

Informs and encourages treatment programs to broaden and strengthen services for women, particularly pregnant women who abuse substances.

BKD107

Quick Guide for Clinicians **QGCT02**

KAP Keys for Clinicians **KAPT02**

TIP 3

Replaced by **TIP 31: Screening and Assessing Adolescents for Substance Use Disorders.**

TIP 4

Replaced by **TIP 32: Treatment of Adolescents With Substance Use Disorders.**

TIP 5: Improving Treatment for Drug-Exposed Infants

Educates and informs about medical and psychosocial services for drug-exposed infants up to 18 months of age and their families. **BKD110**

*TIP 6: Screening for Infectious Diseases Among Substance Abusers

Guides healthcare providers on designing, delivering, and improving treatment for those at risk for infectious diseases in a variety of settings. **BKD131**

Quick Guide for Clinicians **QGCT06**

KAP Keys for Clinicians **KAPT06**

Set of Keys and Quick Guide **KQ06AS**

TIP 7

Replaced by **TIP 44: Substance Abuse Treatment for Adults in the Criminal Justice System.**

TIP 8

Replaced by **TIP 46: Substance Abuse: Administrative Issues in Outpatient Treatment** and **TIP 47: Substance Abuse: Clinical Issues in Intensive Outpatient Treatment.**

TIP 9

Replaced by **TIP 42: Substance Abuse Treatment for Persons With Co-Occurring Disorders.**

TIP 10

Replaced by **TIP 43: Medication-Assisted Treatment for Opioid Addiction in Opioid Treatment Programs.**

*TIP 11: Simple Screening Instruments for Outreach for Alcohol and Other Drug Abuse and Infectious Diseases

Presents two screening instruments designed for rapid administration by a wide range of providers and ease of scoring and interpretation. **BKD143**

Quick Guide for Clinicians **QGCT11**

KAP Keys for Clinicians **KAPT11**

Set of Keys and Quick Guide **KQ11AS**

TIP 12

Replaced by **TIP 44: Substance Abuse Treatment for Adults in the Criminal Justice System.**

*Under revision

TIP 13: Role and Current Status of Patient Placement Criteria in the Treatment of Substance Use Disorders

Describes the need for and value of standardized patient placement criteria (PPC), and lays the groundwork for a concerted effort to develop national uniform PPC. **BKD161**

Quick Guide for Clinicians **QGCT13**

Quick Guide for Administrators **QGAT13**

KAP Keys for Clinicians **KAPT13**

Set of Keys and Quick Guide **KQ13AS**

TIP 14: Developing State Outcomes Monitoring Systems for Alcohol and Other Drug Abuse Treatment

Assists State agencies and staff in developing, implementing, and managing outcomes monitoring systems for substance abuse treatment programs to increase accountability for treatment expenditures. **BKD162**

TIP 15

Replaced by **TIP 37: Substance Abuse Treatment for Persons With HIV/AIDS**.

TIP 16: Alcohol and Other Drug Screening of Hospitalized Trauma Patients

Describes the significant role that alcohol and drugs play in traumatic injury, and outlines a comprehensive assessment procedure and brief intervention techniques. **BKD164**

Quick Guide for Clinicians **QGCT16**

KAP Keys for Clinicians **KAPT16**

Set of Keys and Quick Guide **KQ16AS**

TIP 17

Replaced by **TIP 44: Substance Abuse Treatment for Adults in the Criminal Justice System**.

TIP 18: The Tuberculosis Epidemic: Legal and Ethical Issues for Alcohol and Other Drug Abuse Treatment Providers

Summarizes the latest advice and recommended protocols for dealing with the threat of tuberculosis (TB) in a substance abuse treatment setting. Promotes cooperation with public health officials and others in preventing the transmission of TB. **BKD173**

Quick Guide for Clinicians **QGCT18**

KAP Keys for Clinicians **KAPT18**

Set of Keys and Quick Guide **PHD885**

TIP 19

Replaced by **TIP 45: Detoxification and Substance Abuse Treatment**.

Quick Guide for Clinicians **QGCT19**

TIP 20

Replaced by **TIP 43: Medication-Assisted Treatment for Opioid Addiction in Opioid Treatment Programs**.

TIP 21: Combining Alcohol and Other Drug Abuse Treatment With Diversion for Juveniles in the Justice System

Introduces a model that concentrates on diverting youth already involved with the juvenile justice system from further penetration into the system by providing appropriate substance abuse treatment. **(SMA) 07-4073**
Quick Guide for Clinicians and Administrators **QGCA21**

TIP 22

Replaced by **TIP 43: Medication-Assisted Treatment for Opioid Addiction in Opioid Treatment Programs**.

TIP 23: Treatment Drug Courts: Integrating Substance Abuse Treatment With Legal Case Processing

Provides clinicians, administrators, and policymakers with the information to plan, implement, monitor, and evaluate treatment drug courts. Presents relevant information on financial, legal, and ethical issues. **(SMA) 07-3917**

Quick Guide for Administrators **QGAT23**

TIP 24: A Guide to Substance Abuse Services for Primary Care Clinicians

Provides primary care clinicians specific guidance on identifying indications of substance abuse, how to broach the subject with a patient, and what screening and assessment instruments to use. **BKD234**

Concise Desk Reference Guide **BKD123**

Quick Guide for Clinicians **QGCT24**

KAP Keys for Clinicians **KAPT24**

Set of Keys and Quick Guide **KQ24AS**

TIP 25: Substance Abuse Treatment and Domestic Violence

Presents treatment providers with an introduction to the field of domestic violence. Supplies useful techniques for detecting and eliciting such information, along with ways to modify treatment to ensure victims' safety and to stop the cycle of violence in the lives of the battered and the batterer. **BKD239**

Linking Substance Abuse Treatment and Domestic

Violence Services: A Guide for Administrators **MS667**

Linking Substance Abuse Treatment and Domestic

Violence Services: A Guide for Treatment Providers

MS668

Quick Guide for Clinicians **QGCT25**

KAP Keys for Clinicians **KAPT25**

Set of Keys and Quick Guide **KQ25AS**

TIP 26: Substance Abuse Among Older Adults

Recommends best practices for identifying, screening, assessing, and treating alcohol and prescription drug abuse among people ages 60 and older. (SMA) 07-3918

Substance Abuse Among Older Adults: Physician's Guide MS671

Substance Abuse Among Older Adults: A Guide for Social Service Providers MS670

Substance Abuse Among Older Adults: A Guide for Treatment Providers MS669

Aging, Medicines and Alcohol PHD882 (See page 13 for description.) Also in Spanish:

El Envejecimiento, los Medicamentos y el Alcohol (SMA) 07-3898

Good Mental Health is Ageless PHD881 (See page 13 for description.) Also in Spanish:

La Buena Salud Mental No Tiene Edad (SMA) 07-3897

Quick Guide for Clinicians QGCT26

KAP Keys for Clinicians KAPT26

Set of Keys and Quick Guide KQ26AS

TIP 27: Comprehensive Case Management for Substance Abuse Treatment

Describes models of case management, guidance to linkages with other service agencies, and practical information on adapting treatment programs to the managed care environment. Includes requirements needed to perform case management referral and service coordination activities. BKD251

Case Management for Substance Abuse Treatment: A Guide for Treatment Providers MS673

Quick Guide for Clinicians QGCT27

Quick Guide for Administrators QGAT27

***TIP 28: Naltrexone and Alcoholism Treatment**

Describes current knowledge of naltrexone—its mode of action, adverse effects, drug interactions, and guidelines for patients who may benefit from naltrexone. BKD268

Naltrexone and Alcoholism Treatment: Physician's Guide MS674

Quick Guide for Clinicians QGCT28

KAP Keys for Clinicians KAPT28

TIP 29: Substance Use Disorder Treatment for People With Physical and Cognitive Disabilities

Defines issues in providing treatment to people with coexisting disabilities, and provides guidance in treatment planning and counseling and in forming links with other service providers. Includes lists of resources and a guide to compliance with the Americans with Disabilities Act. BKD288

Quick Guide for Clinicians QGCT29

Quick Guide for Administrators QGAT29

KAP Keys for Clinicians KAPT29

Set of Keys and Quick Guide KQ29AS

*Under revision

TIP 30: Continuity of Offender Treatment for Substance Use Disorders From Institution to Community

Spotlights the importance of transition when an offender who received treatment while incarcerated is released. Provides those working in the justice system and community-based programs with guidelines for continuity of care for the offender client. BKD304

Quick Guide for Clinicians QGCT30

KAP Keys for Clinicians KAPT30

Set of Keys and Quick Guide KQ30AS

TIP 31: Screening and Assessing Adolescents for Substance Use Disorders

A companion to TIP 32, provides guidelines for evaluating, developing, and administering screening and assessment instruments for youth. Provides summaries and access to instruments. (SMA) 07-4079
See collateral products for TIP 32.

TIP 32: Treatment of Adolescents With Substance Use Disorders

A companion volume to TIP 31, reflects recent research findings on the effectiveness of various treatment components and modalities for adolescents who use substances. (SMA) 07-4080

Quick Guide for Clinicians QGC312

KAP Keys for Clinicians KAPT312

Set of Keys and Quick Guide KQ312AS

TIP 33: Treatment for Stimulant Use Disorders

Highlights recent research describing effective strategies and approaches to meeting specific needs of individuals who use stimulants. Includes more than 40 client worksheets to assist providers. BKD289

Quick Guide for Clinicians QGCT33

KAP Keys for Clinicians KAPT33

Set of Keys and Quick Guide KQ33AS

TIP 34: Brief Interventions and Brief Therapies for Substance Abuse

Is intended for counselors and therapists in the substance abuse treatment field but is of value to other audiences, including healthcare providers, clergy, teachers, and criminal justice personnel. (SMA) 07-3952

Quick Guide for Clinicians QGCT34

KAP Keys for Clinicians KAPT34

Set of Keys and Quick Guide KQ34AS

TIP 35: Enhancing Motivation for Change in Substance Abuse Treatment

Describes different motivational interventions that can be used at all stages of change, from precontemplation and preparation to action and maintenance. (SMA) 07-4212

Inservice Training PHD1135 (See page 10 for description.)

Faces of Change (SMA) 07-4174 (See page 13 for description.)

Quick Guide for Clinicians QGCT35

KAP Keys for Clinicians KAPT35

Set of Keys and Quick Guide KQ35AS

TIP 36: Substance Abuse Treatment for Persons With Child Abuse and Neglect Issues

Examines treatment issues for both adult survivors of child abuse or neglect and adults in treatment who may be abusing or neglecting their children. **BKD343**

Helping Yourself Heal: A Recovering Woman's Guide to Coping With Childhood Abuse Issues **PHD981**

(See page 13 for description.) Also in Spanish:

Ayudando a Sanarse a Sí Misma: Una Guía para Mujeres en Recuperación para Ayudarles a Enfrentar los Problemas Asociados con el Abuso Infantil **PHD981S**

Helping Yourself Heal: A Recovering Man's Guide to Coping With the Effects of Childhood Abuse **(SMA) 07-4134** (See page 13 for description.) Also in Spanish:

Ayudando a Sanarse a Sí Mismo: Una Guía para Hombres en Recuperación para Ayudarles a Enfrentar los Problemas Asociados con el Abuso Infantil **PHD1059S**

Quick Guide for Clinicians **QGCT36**
KAP Keys for Clinicians **KAPT36**
Set of Keys and Quick Guide **KQ36AS**

TIP 37: Substance Abuse Treatment for Persons With HIV/AIDS

Provides an overview of how substance abuse treatment meets the needs of patients. Addresses mental health care and counseling issues of people who are HIV infected and abuse substances. **BKD359**
HIV/AIDS: Is Your Client At Risk?

Provides questions and talking points to determine whether clients are engaging in risky behaviors. **MS965**

Quick Guide for Clinicians **QGCT37**
KAP Keys for Clinicians **KAPT37**

Drugs, Alcohol and HIV/AIDS **(SMA) 07-4127** and **(SMA) 07-4248** (See page 13 for descriptions.) Also in Spanish:

Drogas, Alcohol y el VIH/SIDA: Una Guía Para Su Salud **(SMA) 07-4181**

TIP 38: Integrating Substance Abuse Treatment and Vocational Services

Describes vocational services and resources, and presents clinical issues related to integrating vocational services into a substance abuse treatment plan.

Discusses policy and funding. **BKD381**

Quick Guide for Clinicians **QGCT38**

Quick Guide for Administrators **QGAT38**

KAP Keys for Clinicians **KAPT38**

Set of Keys and Quick Guide **KQ38AS**

TIP 39: Substance Abuse Treatment and Family Therapy

Focuses on how substance abuse affects the family and how substance abuse treatment providers can use principles from family therapy to change the interactions among family members. **BKD504**

Quick Guide for Clinicians **QGCT39**

Quick Guide for Administrators **QGAT39**

TIP 40: Clinical Guidelines for the Use of Buprenorphine in the Treatment of Opioid Addiction

Provides consensus- and evidence-based guidance on the use of buprenorphine, a new option for the treatment of opioid addiction. **(SMA) 07-3939**

Quick Guide for Physicians **QGPT40**

KAP Keys for Physicians **KAPT40**

TIP 41: Substance Abuse Treatment: Group Therapy

Distills research and clinical findings into practical guidelines for practitioners of group therapy modalities. Describes types of group therapy, and offers a theoretical basis for group therapy's effectiveness. Is a useful guide to supervisors, trainers of beginning counselors, and experienced counselors. Provides sources of information and topics for further inquiry. **BKD507**

Quick Guide for Clinicians **QGCT41**

TIP 42: Substance Abuse Treatment for Persons With Co-Occurring Disorders

Provides information about the field of co-occurring substance use and mental disorders, and captures the state of the art in the treatment of people with co-occurring disorders. Synthesizes knowledge, and grounds it in the realities of clinical cases and real situations. **(SMA) 07-3992**

Quick Guide for Clinicians **(SMA) 07-4034**

Quick Guide for Administrators **QGAT42**

KAP Keys for Clinicians **KAPT42**

 *Inservice Training* **(SMA) 07-4262** (See page 11 for description.)

TIP 43: Medication-Assisted Treatment for Opioid Addiction in Opioid Treatment Programs

Describes opioid use disorders and treatment, including principles of treatment and historical and regulatory developments; and presents evidence-based best practices for treatment of opioid addiction in opioid treatment programs. Examines related medical, psychiatric, sociological, and substance use disorders and their treatment as part of a comprehensive maintenance treatment program. **BKD524**

Quick Guide for Clinicians **QGCT43**

KAP Keys for Clinicians **(SMA) 07-4108**

TIP 44: Substance Abuse Treatment for Adults in the Criminal Justice System

Provides information to enable treatment providers to be effective with offender and ex-offender populations and to promote collaboration between criminal justice and substance abuse treatment systems. Presents information to address issues that arise from their clients' legal status, and reviews criminal justice issues from multiple perspectives. **BKD526**

Quick Guide for Clinicians **QGCT44**

KAP Keys for Clinicians **(SMA) 07-4150**

 *Alcohol and Drug Treatment: How It Works, And How It Can Help You* **(SMA) 07-4292** (See page 13 for description.)

TIP 45: Detoxification and Substance Abuse Treatment

Provides up-to-date information about the role of detoxification in the continuum of services for individuals with substance use disorders. Includes updated information on the physiology of withdrawal, pharmacological advances in the management of withdrawal, patient placement procedures, and the management of detoxification services within comprehensive systems of care. **BKD541**
Quick Guide for Clinicians (SMA) 06-4225
Quick Guide for Administrators (SMA) 06-4226
KAP Keys for Clinicians (SMA) 06-4224

TIP 46: Substance Abuse: Administrative Issues in Outpatient Treatment

Provides administrators with information about running an outpatient treatment program including strategic planning; working with boards; hiring, retaining, and supervising staff; performance monitoring and improvements; and funding. Addresses the provision of culturally competent treatment to diverse populations, diversifying a program's funding sources, and Federal privacy and confidentiality regulations. **BKD545**
Quick Guide for Administrators (SMA) 07-4232

TIP 47: Substance Abuse: Clinical Issues in Intensive Outpatient Treatment

Helps clinicians address new intensive outpatient treatment (IOT) approaches to treating a wide variety of clients. Describes core services, enhanced services, and processes of assessment, placement, and treatment planning; discusses major clinical challenges of IOT; and surveys the common approaches used in IOT such as family-based services and specific treatments for diverse groups of clients. **BKD551**
Quick Guide for Clinicians (SMA) 07-4233
KAP Keys for Clinicians (SMA) 07-4251

CSAT TAPs

Technical Assistance Publications (TAPs) are a compilation of written materials gathered from various Federal, State, programmatic, and clinical sources, which provide practical guidance and information related to the delivery of treatment services to individuals experiencing alcohol and drug use disorders.

TAP 1: Approaches in the Treatment of Adolescents with Emotional and Substance Abuse Problems

Reviews the impact of substance use and mental disorders among adolescents, and makes practical recommendations on the implementation of effective treatment methods for adolescents. **PHD580**

TAP 2: Medicaid Financing for Mental Health and Substance Abuse Services for Children and Adolescents

Provides background information on the Medicaid child and adolescent populations, and includes a status report on States' current Medicaid eligibility and service coverage policies. **PHD581**

TAP 3: Need, Demand, and Problem Assessment for Substance Abuse Services

Documents more than a dozen different methodologies designed to assist in developing more structured approaches to assessing the need for substance abuse treatment services and estimating the demand for services. **PHD582**

TAP 4: Coordination of Alcohol, Drug Abuse, and Mental Health Services

Reviews current knowledge about coordination of substance use and mental health services, describes major models and mechanisms available, and recommends processes for developing coordinated services. **PHD583**

TAP 5: Self-Run, Self-Supported Houses for More Effective Recovery from Alcohol and Drug Addiction

Describes the experience of Oxford House and the mechanics of renting houses to be used as self-run, self-supported recovery houses for substance abuse treatment clients. **PHD584**

TAP 6: Empowering Families, Helping Adolescents: Family-Centered Treatment of Adolescents With Alcohol, Drug Abuse, and Mental Health Problems

Explains issues, treatment models, and steps necessary to implement a family-centered approach to treatment of adolescents. **BKD81**

TAP 7: Treatment of Opiate Addiction With Methadone: A Counselor Manual

Provides counseling staff in methadone treatment centers with accurate information about the treatment they are delivering, and promotes the improvement of addiction treatment using methadone. **BKD151**

TAP 8: Relapse Prevention and the Substance-Abusing Criminal Offender

Discusses the process of relapse and the principles and procedures of relapse prevention therapy. **BKD121**

TAP 9: Funding Resource Guide for Substance Abuse Programs

Assists programs in developing a plan to outline funding needs or organizing a fundraising effort, and identifies funding opportunities. Includes resources and government agencies helpful at the Federal, State, and local levels. **BKD152**

TAP 10: Rural Issues in Alcohol and Other Drug Abuse Treatment

Presents papers submitted to the 1992 Award for Excellence competition sponsored by CSAT and the National Rural Institute on Alcohol and Drug Abuse. **PHD662**

TAP 11: Treatment for Alcohol and Other Drug Use: Opportunities for Coordination

Contains a review of the systemic coordination among State, legislative, public health, criminal justice, and social service entities to provide a continuum of comprehensive treatment services. **PHD663**

TAP 12: Approval and Monitoring of Narcotic Treatment Programs: A Guide on the Roles of Federal and State Agencies

Offers a description of Federal and State agency rules in approving and monitoring narcotic addiction treatment programs. **PHD666**

TAP 13: Confidentiality of Patient Records for Alcohol and Other Drug Treatment

Presents an overview of Federal alcohol and drug treatment confidentiality laws. Includes patient consent and qualified service organization forms. **BKD156**

TAP 14: Siting Drug and Alcohol Treatment Programs: Legal Challenges to the NIMBY Syndrome

Examines the remedies to challenge discriminatory zoning and siting decisions that result from the NIMBY (not in my backyard) syndrome. **BKD175**

TAP 15: Forecasting the Cost of Chemical Dependency Treatment Under Managed Care: The Washington State Study

Provides background information in using actuarial studies to predict the costs of contracting with managed-care organizations to provide publicly funded chemical dependency treatment services. **BKD176**

TAP 16: *Purchasing Managed Care Services for Alcohol and Other Drug Treatment: Essential Elements and Policy Issues*

Provides guidance for those developing contracts with managed-care organizations for treatment services. Includes contract language and a 17-page checklist for assessing readiness for managed care. **BKD167**

TAP 17: *Treating Alcohol and Other Drug Abusers in Rural and Frontier Areas: 1994 Award for Excellence Papers*

Compiles contributions to the 1994 Award for Excellence Papers contest, sponsored jointly by CSAT and the National Rural Institute on Alcohol and Drug Abuse. **BKD174**

TAP 18: *Checklist for Monitoring Alcohol and Other Drug Confidentiality Compliance*

Provides an easy-to-use checklist to determine whether complaints alleging a breach of patient confidentiality are justified under the Federal confidentiality law. **PHD722**

TAP 19: *Counselor's Manual for Relapse Prevention With Chemically Dependent Criminal Offenders*

Designed for the paraprofessional counselor, includes the Relapse Prevention Workbook for Chemically Dependent Criminal Offenders. **PHD723**

TAP 20: *Bringing Excellence to Substance Abuse Services in Rural and Frontier America: 1996 Award for Excellence Papers*

Compiles contributions to the 1996 Award for Excellence Papers contest, sponsored by CSAT and the National Rural Institute on Alcohol and Drug Abuse. Examines ways rural America addresses substance abuse and the accompanying problems. **BKD220**

TAP 21: *Addiction Counseling Competencies: The Knowledge, Skills, and Attitudes of Professional Practice*

Provides practice guidelines to enhance the competencies of addiction practitioners and to foster improvements in the educational preparation of substance abuse treatment professionals. Has been updated and redesigned to present current knowledge in an attractive user-friendly format. **(SMA) 07-4171**

TAP 21-A: *Competencies for Substance Abuse Treatment Clinical Supervisors*

A companion document to TAP 21 (see above), provides the competencies that supervisors need to monitor, assess, and help improve the skills of addiction counselors. **(SMA) 07-4243**

TAP 22: *Contracting for Managed Substance Abuse and Mental Health Services: A Guide for Public Purchasers*

Provides guidance on developing managed-care goals and initiatives in substance abuse/mental illness treatment. **BKD252**

TAP 23: *Substance Abuse Treatment for Women Offenders: Guide to Promising Practices*

Provides guidance to State and community-level policymakers who plan and fund substance abuse and corrections programs. Offers guidelines and ideas for designing promising programs to help women who are addicted in the criminal justice system. **BKD310**

TAP 24: *Welfare Reform and Substance Abuse Treatment Confidentiality: General Guidance for Reconciling Need to Know and Privacy*

Assists State alcohol and drug agencies, substance abuse treatment providers, and welfare officials in addressing confidentiality issues with respect to shared clients. Discusses key issues such as how and when disclosure is possible, and provides practical tips to surmount real or perceived obstacles. **BKD336**

TAP 25: *The Impact of Substance Abuse Treatment on Employment Outcomes Among AFDC Clients in Washington State*

Analyzes the effects of substance abuse treatment on employment outcomes among Aid to Families with Dependent Children recipients in Washington State. **BKD367T**

TAP 26: *Identifying Substance Abuse Among TANF-Eligible Families*

Provides a comprehensive review of policy and procedures with the goal of leading agencies to develop more effective practices. **BKD410**

TAP 27: *Navigating the Pathways: Lessons and Promising Practices in Linking Alcohol and Drug Services With Child Welfare*

Offers a unique perspective on the growing contacts across the divide that too often prevents child welfare and substance abuse agencies from working together closely to help children and families affected by substance abuse. **BKD436**

TAP 28: *The National Rural Alcohol and Drug Abuse Network Awards for Excellence 2004: Submitted and Award-Winning Papers*

Presents seven papers that describe effective and innovative models of treatment and prevention in rural populations; showcases research on the challenges of providing services in rural areas. **BKD552**

NEW! **TAP 29: *Integrating State Administrative Records To Manage Substance Abuse Treatment System Performance***

Provides implementation considerations and technical guidance for developing integrated-data systems to monitor performance and improve service quality. **(SMA) 07-4268**

Other CSAT Products

COMMUNITY

Addiction Treatment: Investing in People for Business Success

Focuses on educating about workplace-supported treatment. Contains medical outreach materials, including promotional ideas and sample public service announcement scripts; outreach materials for groups such as older workers, small businesses, and unions; and lists of clearinghouses and Web sites. **MS646**

Medication Assisted Treatment for the 21st Century: Community Education Kit

Includes materials that can be used by local alcohol and illicit drug treatment providers to educate about methadone and other medication-related options for treating opioid dependence. **FO38**

MANUALS

Anger Management for Substance Abuse and Mental Health Clients: A Cognitive Behavioral Therapy Manual

Helps counselors teach anger management techniques in a group setting through a 12-week cognitive behavioral intervention (participants use the accompanying workbook, see below). Describes the anger cycle, conflict resolution, assertiveness skills, and anger control plans. **(SMA) 07-4213**

Also in Spanish:

Programa Para El Manejo del Enojo en Clientes con Problemas de Abuso de Sustancias y Trastornos de Salud Mental: Un Manual de Psicoterapia Cognitiva-Conductual
(SMA) 07-4188

Anger Management for Substance Abuse and Mental Health Clients: Participant Workbook

Provides worksheets and homework assignments using the core concepts of the 12-week group cognitive behavioral therapy provided in the manual described above. **(SMA) 07-4210**

Also in Spanish:

Programa Para El Manejo del Enojo en Clientes con Problemas de Abuso de Sustancias y Trastornos de Salud Mental: Cuaderno de Ejercicios Para el Participante
BKD445S

Brief Counseling for Marijuana Dependence: A Manual for Treating Adults

Provides indepth instructions on conducting an assessment, two motivational enhancement sessions, six core skill topic sessions, and four elective skill topic sessions for clients who are interested in achieving abstinence from marijuana use. **BKD520**

Cannabis Youth Treatment (CYT) Series, Promotional Brochure

Introduces substance abuse treatment providers to the five volumes in the CYT Series. **PHD855**

CYT Series, Volume 1, Motivational Enhancement Therapy and Cognitive Behavioral Therapy for Adolescent Cannabis Users: 5 Sessions

Introduces providers to the motivational enhancement therapy/cognitive behavioral therapy approach to treating adolescents who use marijuana. Provides instructions on conducting individual and group sessions and instructional material, including worksheets, handouts, and sample posters. **BKD384**

CYT Series, Volume 2, The Motivational Enhancement Therapy and Cognitive Behavioral Therapy Supplement: 7 Sessions of Cognitive Behavioral Therapy for Adolescent Cannabis Users

Adds seven sessions to the treatment modules in volume 1. Provides lessons for teaching problemsolving techniques, managing anger and depression, improving communication skills, coping with cravings and urges, planning for high-risk situations, and coping with relapse. Includes reproducible posters and handouts, a glossary of terms, and therapist rating forms. **(SMA) 07-3954**

CYT Series, Volume 3, Family Support Network for Adolescent Cannabis Users

Provides instructions on implementing the family support network intervention to engage families in treatment. Instructs caregivers on signs of recovery and relapse, setting limits and boundaries, and improving communication. Includes reproducible handouts for parents and caregivers and quality assurance forms to monitor the effectiveness of the sessions. **BKD386**

CYT Series, Volume 4, The Adolescent Community Reinforcement Approach for Adolescent Cannabis Users

Guides therapists and supervisors in using the adolescent community reinforcement approach with adolescents and caregivers. Provides exchanges between therapists and adolescents to illustrate how therapists help adolescents find or enhance reinforcers to abstinence, use community resources to support change, and develop family support. **(SMA) 07-3864**

CYT Series, Volume 5, Multidimensional Family Therapy for Adolescent Cannabis Users

Integrates family therapy and substance use treatment. Provides treatment in 15 sessions over 12 weeks. Uses case management techniques, and assesses the adolescent, the parents, the family's pattern of interacting, and the teen's and parents' interaction with other systems. Individualizes treatment for each teen and his or her family. **BKD388**

Co-Occurring Center for Excellence Brochure

Describes SAMHSA's Co-Occurring Center for Excellence (COCE) as a national resource for technical assistance on co-occurring mental and substance use disorders and identifies how to request services and information. **PHD1104**

COCE Overview Paper 1: Definitions and Terms Relating to Co-Occurring Disorders

Provides definitions of terms associated with substance-related disorders, mental disorders, co-occurring disorders, and programs. **PHD1130**

COCE Overview Paper 2: Screening, Assessment, and Treatment Planning for Persons With Co-Occurring Disorders

Discusses the purpose, appropriate staffing, protocols, methods, advantages and disadvantages, and processes for integrated screening, assessment, and treatment planning for persons with COD as well as systems issues and financing. **PHD1131**

COCE Overview Paper 3: Overarching Principles To Address the Needs of Persons With Co-Occurring Disorders

Outlines 12 overarching principles for working with persons with co-occurring disorders. Principles are intended to help guide, but not define, system and clinical responses. **PHD1132**

Matrix Series, Counselor's Treatment Manual: Matrix Intensive Outpatient Treatment for People With Stimulant Use Disorders

Contains all the material necessary for conducting the Individual/Conjoint, Early Recovery Skills, Relapse Prevention, and Social Support sessions in the Matrix Intensive Outpatient Treatment package. **(SMA) 07-4152**

Matrix Series, Counselor's Family Education Manual & CD With PowerPoints: Matrix Intensive Outpatient Treatment for People With Stimulant Use Disorders

Contains talking points, handouts, and PowerPoint slides for conducting the 12 Family Education sessions in the Matrix Intensive Outpatient Treatment package. **(SMA) 07-4153**

Matrix Series, Client's Handbook: Matrix Intensive Outpatient Treatment for People With Stimulant Use Disorders

Contains an introduction and welcome and all the handouts used in the Matrix Intensive Outpatient Treatment package except for those used in the Family Education sessions. **(SMA) 07-4154**

Matrix Series, Client's Treatment Companion: Matrix Intensive Outpatient Treatment for People With Stimulant Use Disorder

Contains useful recovery tools and concepts that clients can carry with them in a pocket or purse. **(SMA) 07-4155**

Substance Abuse Relapse Prevention for Older Adults: A Group Treatment Approach

Presents a relapse-prevention intervention for counselors and other treatment providers working with older adults. Follows a cognitive behavioral and self-management approach. **BKD525**

REPORTS

Building Practice Improvement Collaboratives: Eleven Case Studies

Describes the experiences of grantees during the development of the program to overcome barriers in moving research into clinical practice. **BKD482**

Improving Lives Through Treatment

Describes CSAT's mission and its specific programs and activities in areas such as closing the treatment gap, linking knowledge with practice, and improving and strengthening treatment systems. **PHD836**

Mental Health and Substance Abuse Treatment: Results From a Study Integrating Data From State Mental Health, Substance Abuse, and Medicaid Agencies

Reports on a CSAT and CMHS initiative to study Medicaid, State mental health, and State substance abuse agency data. **BKD408**

Methadone Associated Mortality: Report of a National Assessment

Summarizes the data used by assessment experts to evaluate the nature and scope of methadone associated mortality and present their findings and recommendations. **BKD498**

National Expenditures for Mental Health Services and Substance Abuse Treatment, 1991–2001

Reports on 2001 expenditures for mental health and substance abuse services. **BKD518**

National Expenditures for Mental Health Services and Substance Abuse Treatment, 1993–2003

Examines mental health and substance abuse treatment spending over the past 10 years by payers and providers. **(SMA) 07-4227**

A National Review of State Alcohol and Drug Treatment Programs and Certification Standards for Substance Abuse Caregivers

Contains an overview of State-by-State information on licensing, certification, and credentialing standards for alcohol and drug treatment facilities, programs, counselors, and prevention professionals. **BKD517**

National Spending on Mental Health and Substance Abuse Treatment by Age Group, 1997

Provides an analysis of expenditures for mental health and substance abuse treatment by age group. **BKD442**

The National Treatment Improvement Evaluation Study (NTIES)

Provides updates on NTIES, a 5-year study of drug and alcohol treatment on clients in treatment units that received Federal support. Includes findings on women, adolescents, and young adults in treatment; treatment for cocaine and crack use; treatment for marijuana use; and treatment impact on criminal activity. **FO27**

Report on the Post-September 11 State Disaster Relief Grant Programs of SAMHSA's Center for Substance Abuse Treatment

Focuses on the activities undertaken by the 9 States that received CSAT grants under the Post-September 11 State Disaster Relief Grant Program. **BKD516**

Report to Congress on the Prevention and Treatment of Co-Occurring Substance Abuse Disorders and Mental Disorders

Describes treatment approaches, best-practice models, and prevention efforts for addressing co-occurring substance use and mental disorders. Summarizes treatments provided, practices for preventing substance use disorders among clients with a mental disorder, evidence-based practices for treating co-occurring disorders, recommendations, and improvements to ensure provision of appropriate services. **BKD467**

SAMHSA Managed Care Initiative

Monitors the development and effect of managed care reforms, especially those affecting people with mental illnesses and addictive disorders. **MS645**

Telling Their Stories: Reflections of the 11 Original Grantees That Piloted Residential Treatment for Women and Children for CSAT

Summarizes experiences and accomplishments of the Residential Women and Children's grantees. Describes arrangements necessary to initiate services, day-to-day operations, and resources tapped to continue the projects after the grants terminated. **BKD407**

TOOLS

Alcohol Use Among Older Adults: Pocket Screening Instruments for Health Care and Social Service Providers

Gives facts about alcohol and prescription drug abuse among older adults. Includes an AUDIT-C and CAGE brief alcohol screening instruments. **PHD883**

Classifying Skin Lesions of Injection Drug Users

Illustrates a classification system to identify skin lesions on people who inject drugs. Helps those working in the healthcare and substance abuse fields distinguish drug injection lesions (i.e., needle track marks) from lesions attributable to other factors to facilitate accurate diagnoses and promote the delivery of effective treatments and other interventions to reduce client risk. **AVD154**

Confidentiality of Alcohol and Drug Abuse Patient Records Regulation and the HIPAA Privacy Rule: Implications for Alcohol and Substance Abuse Programs

Is geared toward substance abuse treatment programs subject to and already complying with the confidentiality requirements (Part 2). Explains which programs must comply with the Privacy Rule, and outlines what compliance requires. **PHD1083**

Cultural Issues in Substance Abuse Treatment

Serves as a guide to gaining a greater understanding of the cultural, social, political, and economic forces affecting substance abuse treatment among Hispanic Americans, African Americans, Asian Americans, and American Indians/Alaska Natives. **BKD323**

Demystifying Evaluation: A Manual for Evaluating Your Substance Abuse Treatment Program, Volume 1

Assists substance abuse treatment administrators and senior clinical personnel in learning more about strategies for using program and client data to improve the effectiveness of their programmatic efforts. **BKD225**

Disaster Recovery Resources for Substance Abuse Treatment Providers

Available online or as a CD, includes disaster substance abuse treatment resources and reference materials for substance abuse treatment providers. **AVD227**

Enhancing Motivation for Change Inservice Training

Provides a training structure for introducing substance abuse treatment professionals to the basic concepts and techniques of motivational enhancement interventions presented in TIP 35. **PHD1135**

Executive Summary, Strategies for Integrating Substance Abuse Treatment and the Juvenile Justice System: A Practice Guide

Provides an overview of juvenile justice system substance treatment services. Highlights integrating services involving the substance abuse treatment and juvenile justice systems, which have had separate professional mandates and focuses. **BKD349A**

Introducing Office-Based Treatment for Opioid Addiction

Details buprenorphine and its uses to treat addiction to opioids such as heroin and prescription painkillers. Discusses how buprenorphine works, how it differs from methadone, and how someone in need of the medicine can obtain it. **PHD992**

Juvenile Justice Treatment Planning Chart

Illustrates the major decision points in the juvenile justice system where coordinated strategies for alcohol and drug abuse treatment interventions may be applied. **PHD598**

Performance Management: Improving State Systems Through Information-Based Decisionmaking

Helps States delineate the issues of performance management, and encourages State dialog about this data-driven tool. **BKD506**

Practical Approaches in the Treatment of Women Who Abuse Alcohol and Other Drugs

Offers guidelines on resources to design and implement programs for women, and includes strategies for treating specific populations. **BKD155**

A Provider's Introduction to Substance Abuse Treatment for Lesbian, Gay, Bisexual, and Transgender Individuals

Informs staff about appropriate diagnosis and treatment approaches that will help ensure the development or enhancement of effective lesbian-, gay-, bisexual-, and transgender-sensitive programs. **BKD392**

State Children's Health Insurance Program

Explains the benefits of the Children's Health Insurance Program, encourages providers to participate in planning committees, and provides a telephone number and Web site address for further information. **PHD811**

Substance Abuse Treatment for Persons With Co-Occurring Disorders Inservice Training

Provides a training structure for introducing co-occurring disorder evidence-based practices to treatment program staff. **(SMA) 07-4262**

Substance Abuse Treatment Planning Guide and Checklist for Treatment-Based Drug Courts

Provides an outline for a team to begin working together to confront and solve problems when planning for or refining a treatment-based drug court. Includes a planning checklist and a chart to make the guide a practical, quick reference coordinating tool. **BKD214**

Successful Strategies for Recruiting, Training, and Utilizing Volunteers: A Guide to Faith- and Community-Based Service Providers

Examines recruiting, training, managing, and evaluating volunteers. Covers background checks for volunteers, and provides sample mission statements, volunteer applications forms, and agreements. **BKD519**

Therapeutic Community Curriculum: Participant's Manual

Provides the materials participants need to complete the 11-module *Therapeutic Community Curriculum* (see below). **BKD534**

Therapeutic Community Curriculum: Trainer's Manual and CD

Provides materials for an 11-module training to help new employees in a therapeutic community (TC) understand TC concepts and experienced staff members enhance their knowledge of TC practices. **(SMA) 07-4121**

VIDEOS

Heroin: What's the Real Dope? (Myths, Facts & Illicit Drugs Series) Videoguide/Booklet

Provides information about what heroin is, what it does, why it seems so appealing, and what its dangers are. **VHS145G**

The Road to Recovery

The first installment in a seven-part series of Webcasts, discusses and illuminates key issues related to the 2001 Recovery Month observance (September 2001), and includes on-camera appearances by CSAT Director Dr. H. Westley Clark and Recovery Month partners from around the country. **VHS136**

The Road to Recovery: Addiction by Prescription

Indicates who is misusing prescription medicines and how these addictions may differ from addictions to illicit drugs. **VHS182**

The Road to Recovery: Alcohol and Drug Use Screening, Intervention, and Referral—Changing the Nation's Approach to Comprehensive Health Care

Looks at changing the process of screening, intervention, and referral to get more people the addiction treatment they need. **VHS183**

The Road to Recovery: The Individual and Familial Dynamics of Recovery

Highlights the struggles of individuals and families in recovery and the successful strategies they use to heal and maintain sobriety, and provides insights into conducting interventions and helpful tips for children, parents, grandparents, and caregivers for dealing with addiction in the family. **VHS185/DVD185**

The Road to Recovery Presents: The Role of Faith- and Community-Based Systems of Addiction Treatment and Recovery

Explains the beneficial role that faith and spirituality play in the prevention of drug and alcohol abuse and in programs designed to treat and promote recovery from alcohol and drug use and mental disorders. **VHS187/DVD187**

The Road to Recovery: Rethinking the Demographics of Addiction—Helping Older Adults Find Recovery

Explains that researchers are realizing the pervasiveness of substance use disorders among people ages 60 and older. Highlights ways to help older adults receive the addiction treatment they need. **VHS184/DVD184**

Treatment 101: The Science and Methodologies of Treating Alcohol and Drug Use Disorders

Examines recent scientific and methodological advances in addiction treatment, and explores how they have improved and diversified addiction treatment services. **VHS204**

CSAT Periodicals

SUBSTANCE ABUSE IN BRIEF

Effective Treatment Saves Money

Reports the advances, benefits, and successes of substance abuse treatment; and focuses on the ways substance abuse treatment can save money. **MS639**

Identifying and Helping Patients With Co-Occurring Substance Use and Mental Disorders: A Guide for Primary Care Providers

Explores the relationship between co-occurring substance use and mental disorders, including the identification of patients with co-occurring disorders and providing appropriate treatment. **MS994**

Pain Management Without Psychological Dependence: A Guide for Healthcare Providers

Provides healthcare providers with research-based information on how to provide pain management while avoiding psychological dependence on opioids. **MS993**

Substance Abuse Treatment: Reduces Family Dysfunction, Improves Productivity

Discusses recent research that proves that substance abuse treatment for families can result in lower levels of addictive disorders in children and many other improvements to the overall family well-being. **PHD840**

Successful Treatment for Adolescents: Multiple Needs Require Diverse and Special Services

Discusses factors that put youth at risk for substance abuse, particularly parental drug use. **PHD835**

The Science of Addiction Simplified

Defines addictive disorders, describes the neurochemical dysfunction in addictions, and explains the effect of treatment on neurochemistry. **MS654**

Treating Alcohol Problems

Discusses identifying problem alcohol use, applying brief interventions, introducing behavioral treatment approaches, and providing supportive services and appropriate treatments. **MS940**

Treatment Cuts Medical Costs

Focuses on the medical costs that could be avoided by providing substance abuse treatment. **PHD842**

Treatment Succeeds in Fighting Crime

Focuses on effectively reducing crime through substance abuse treatment. **PHD831**

What You Should Know About Alcohol Problems

Defines alcohol problems, abuse, and dependence; establishes criteria for identifying alcohol dependence; and explains treatment approaches. **(SMA) 07-4102**

SUBSTANCE ABUSE TREATMENT ADVISORY

Acamprosate: A New Medication for Alcohol Use Disorders

Describes how acamprosate works, compares it with other medications used to treat alcohol use disorders, and provides guidance on ways to incorporate this medication into treatment programs. **MS974**

Anabolic Steroids

Alerts treatment providers to the dangers of steroid use and abuse and to the possibility of steroids as gateway drugs to other substances. **MS991**

GHB: A Club Drug To Watch

Discusses the illicit use of GHB. Tells treatment providers how to respond to those who abuse this drug, explains the dangers of abuse, and describes withdrawal, dependence, and overdose. **MS915**

Inhalants

Describes what inhalants are, common modes of administration, types of products that can be abused, long-term effects of inhalant abuse, and effective treatment for inhalant abuse. **MS922**

Naltrexone for Extended-Release Injectable Suspension for Treatment of Alcohol Dependence

Discusses the new formulation of naltrexone, compares oral and injectable naltrexone, and describes ways to incorporate treatment with injectable naltrexone into treatment programs. **(SMA) 07-4267**

OxyContin®: Prescription Drug Abuse, 2006 Revision

Discusses abuse of the prescription drug OxyContin. Contains frequently asked questions and specific treatment protocols. **MS726**

Prescription Medications: Misuse, Abuse, Dependence, and Addiction

Addresses the increasing incidences of prescription misuse, abuse, dependence, and addiction. Provides information on how to identify and ways to treat medication misuse. **MS987**

The Role of Biomarkers in the Treatment of Alcohol Use Disorders

Presents current information on biomarkers and the use and role of biomarkers in treatment, their limitations, and the pros and cons of each biomarker. **MS996**

CSAT Consumer or Client Products

Aging, Medicines and Alcohol

Gives indicators of possible alcohol- or medication-related problems and suggestions for taking action.

Lists national hotlines and Web sites. **PHD882**

Also in Spanish:

El Envejecimiento, los Medicamentos y el Alcohol
(SMA) 07-3898

Alcohol and Drug Treatment: How It Works, And How It Can Help You

Explains the components of substance abuse treatment, and describes their use in helping clients involved in the criminal justice system. **(SMA) 07-4292**

Are You in Recovery From Alcohol or Drug Problems? Know Your Rights

Helps those in recovery understand their rights under Federal laws that protect against discrimination.

PHD1091

As You Age...A Guide to Aging, Medicines, and Alcohol

Provides information on how medications and alcohol affect older adults. Includes steps to avoid harmful reactions, signals indicating a substance-related problem, and a chart to list prescription and over-the-counter medications. **PHD1082**

Child Welfare and Substance Use Disorders: A Guide to Recovery for Families and Children

Describes a substance use disorder and clues to determine whether a family is affected by substance abuse, and provides ideas for helping families address substance abuse and resources for help. **PHD1077**

Drugs, Alcohol and HIV/AIDS: A Consumer Guide

Provides information for consumers on HIV/AIDS and substance abuse. **(SMA) 07-4127** Also in Spanish:

Drogas, Alcohol y el VIH/SIDA: Una Guía Para Su Salud (SMA) 07-4181

Drugs, Alcohol and HIV/AIDS: A Consumer Guide for African Americans

Provides information specific for African Americans on HIV/AIDS and substance abuse. **(SMA) 07-4248**

Faces of Change: Do I Have a Problem With Alcohol or Drugs?

Provides a treatment assistance option for clients with reading-level barriers by pictorially introducing concept and stages of motivational recovery. Looks at five characters involved with different substances of abuse. **(SMA) 07-4174**

Good Mental Health is Ageless

Gives indicators of possible mental health problems, and offers suggestions for taking action. Lists national hotlines and Web sites. A TIP 26 collateral product.

PHD881 Also in Spanish:

La Buena Salud Mental No Tiene Edad (SMA) 07-3897

Helping Yourself Heal: A Recovering Man's Guide to Coping With the Effects of Childhood Abuse

Provides guidance for men with substance use disorders who were abused as children. Explains feelings that can surface when entering substance abuse treatment, defines childhood abuse, lists symptoms of abuse, and describes how to handle childhood abuse issues during treatment. **(SMA) 07-4134** Also in Spanish:

Ayudando a Sanarse a Sí Mismo: Una Guía para Hombres en Recuperación para Ayudarles a Enfrentar los Problemas Asociados con el Abuso Infantil PHD1059S

Helping Yourself Heal: A Recovering Woman's Guide to Coping With Childhood Abuse Issues

Provides guidance for women with substance use disorders who were abused as children. Explains feelings that can surface when entering substance abuse treatment, defines childhood abuse, lists symptoms of abuse, and describes how to handle childhood abuse issues during treatment. **PHD981** Also in Spanish:

Ayudando a Sanarse a Sí Mismo: Una Guía para Mujeres en Recuperación para Ayudarles a Enfrentar los Problemas Asociados con el Abuso Infantil PHD981S

Join the Voices for Recovery: Healing Lives, Families and Communities

Highlights the 16th Annual National Alcohol and Drug Addiction Recovery Month in September 2005.

Encourages people to get involved and host a local event. **AVD193**

Motivación para el Cambio

Uses photographs with captions (a fotonovela format) to help the reader recognize the dangers people face when they have a substance use disorder and the devastating consequences that can result at personal, family, and community levels. In Spanish only.

PHD1133

Older Adults and Substance Use Disorders: A Guide to Recovery From Co-Occurring Disorders

Attempts to define a substance use disorder, provide signs to look for, and offer resources for finding help.

PHD1079

Overcoming Substance Use and Mental Disorders: A Guide to Recovery From Co-Occurring Disorders

Explains what co-occurring disorders are, provides symptoms of a co-occurring disorder, and offers resources for finding the right help. **PHD1078**

A Quick Guide to Finding Effective Alcohol and Drug Addiction Treatment

Instructs family members to consider such things as the setting, length of care, and philosophical approach when finding a treatment program for a loved one. Presents 12 questions to consider when selecting a treatment program. **PHD877**

Recovery Month 2005 Promotional Card (Join the Voices for Recovery: Healing, Lives, Families & Communities)

Highlights the 16th Annual National Alcohol and Drug Addiction Recovery Month in September 2005. Encourages people to get involved and host a local event. Includes information about how to order a toolkit and important contact names and numbers. **AVD206**

Substance Use Disorders and Disability: A Guide to Recovery From Co-Existing Disorders

Describes a co-existing disorder, explains the link between having a disability and developing a co-existing disorder, offers advice about what to do if a co-existing disorder is suspected, and provides resources for finding help. **PHD1080**

Substance Use Disorders in the Workplace: A Guide to Recovery for Employees

Describes a substance use disorder, provides clues to determining whether a substance use disorder exists, highlights the laws concerning discriminating against individuals recovering from a substance use disorder, and offers resources for finding help. **PHD1081**

What Is Substance Abuse Treatment? A Booklet for Families

Created for family members of those dependent on alcohol or illicit drugs, answers questions often asked by families of people entering treatment. Offers a resources section with additional information and a list of support groups. **(SMA) 07-4126** Also in Spanish: ***¿Qué es el Tratamiento para el Abuso de Sustancias? Un Folleto para las Familias*** **BKD503S**

You Can Help: A Guide for Caring Adults Working With Young People Experiencing Addiction in the Family

Describes the resources available to help and support children in families with addiction problems and the problems such children may be at risk for. **PHD878**

Online Multi-Language Initiative Products

AVAILABLE ON SAMHSA's KAP WEB SITE (www.kap.samhsa.gov)

Aging, Medicines and Alcohol

Contains information for older adults on alcohol use and medication-related problems and steps they can take to avoid problems resulting from mixing medications. (*Chinese-, Korean-, Russian-, Spanish-, and Vietnamese-language versions are at www.kap.samhsa.gov.*)

Drogas, Alcohol y el VIH/SIDA: Una Guía Para Su Salud

Provides information for consumers on HIV/AIDS and substance abuse.

Good Mental Health is Ageless

Provides information for older adults about the symptoms of depression or dementia, basic facts regarding mental health, and suggestions on how to talk with physicians and how to contact organizations that provide additional information. (*Chinese-, Korean-, Russian-, Spanish-, and Vietnamese-language versions are at www.kap.samhsa.gov.*)

Helping Yourself Heal: A Recovering Man's Guide to Coping With the Effects of Childhood Abuse

Helps men who are entering treatment understand feelings that can surface about the abuse they experienced as children. (*Spanish-language version is at www.kap.samhsa.gov.*)

Helping Yourself Heal: A Recovering Woman's Guide to Coping With Childhood Abuse Issues

Helps women who are entering treatment understand feelings that can surface about the abuse they experienced as children. (*Chinese-, Korean-, Russian-, Spanish-, and Vietnamese-language versions are at www.kap.samhsa.gov.*)

Inhalant Abuse: Your Child at Risk!

Produced by the Office of National Drug Control Policy, provides parents with information on why young people use inhalants, what they use, the symptoms of use, slang terms, the dangers of use, and how to prevent inhalant use. (*Navajo- and Spanish-language versions are at www.kap.samhsa.gov. Cambodian-, Chinese-, English-, Korean-, and Vietnamese-language versions available from www.ncadi.samhsa.gov.*)

Mind Over Matter Series: The Brain's Response to Inhalants

Provides information about how drugs act in the brain and body. (*Navajo- and Spanish-language versions are at www.kap.samhsa.gov. English-language version available from NCADI at www.ncadi.samhsa.gov.*)

Motivación para el Cambio

Uses photographs with captions (a fotonovela format) to help the reader recognize the dangers people face when they have a substance use disorder and the devastating consequences that can result at a personal, family, and community level.

A Parent's Guide to Preventing Inhalant Abuse

Explains inhalant abuse and its effects, describes the symptoms of abuse, recommends discussing the issue openly with children, and provides resources for additional information. (*Navajo-language version is at www.kap.samhsa.gov. English- and Spanish-language versions are available from the Consumer Product Safety Commission at www.cpsc.gov.*)

Programa Para El Manejo del Enojo en Clientes con Problemas de Abuso de Sustancias y Trastornos de Salud Mental: Un Manual de Psicoterapia Cognitiva-Conductual

Helps counselors teach anger management skills through a 12-week cognitive behavioral intervention group (participants use a workbook, see below). Describes the anger cycle, conflict resolution, assertiveness skills, and anger control plans.

Programa Para El Manejo del Enojo en Clientes con Problemas de Abuso de Sustancias y Trastornos de Salud Mental: Cuaderno de Ejercicios Para el Participante

Provides worksheets and homework assignments using the concepts of the 12-week group cognitive behavioral therapy provided in the manual described above.

Tips for Teens: The Truth About Inhalants

Provides facts and dispels myths about substance use, and presents information about long- and short-term effects, physical and psychological risks, and where to get help. (*Navajo- and Spanish-language versions are at www.kap.samhsa.gov. English-language version available from NCADI at www.ncadi.samhsa.gov.*)

What Is Substance Abuse Treatment: A Booklet for Families

Answers questions often asked by family members and significant others of people entering treatment. Offers a resources section with additional information and a list of support groups. (*Russian- and Spanish-language versions are at www.kap.samhsa.gov.*)
