Director: George Barton, CEO

HCH Coordinator: Bob Davis

Medical Director: Syed Haque, MD

UDS Number: 071170

Project Description

Community Health Care (CHC) HCH program provides comprehensive primary health care to children and adults who are homeless throughout the Quad Cities area. Services are provided at six outreach locations.

Services

The HCH outreach program provides preventive and acute medical visits, medications, outreach, social service coordination, and case management to men, women, and children who are homeless. Referrals are made for substance abuse treatment and mental health services. The HCH program also provides one emergency dental visit, dental referrals, HIV counseling/testing, shelter, and referrals for housing, job employment, food, and clothing. The program is provided at six sites—one on a full-time basis and five visited weekly or bi-weekly.

Linkages

CHC's outreach program has extensive linkages with shelters, transitional housing programs, local pharmacies, food pantries, eye care providers, and thrift stores. Referrals are made for mental health services and substance abuse/addictions treatment.

Statistics

Estimated homeless population: 2,500 Patients served: 860

Linn Community Care

1201 3rd Ave S.E.

Cedar Rapids, Iowa 52403

Web Site: www.linncommunitycare.org

Project Description

Linn Community Care located in Cedar Rapids is a community health clinic providing primary care with a focus on Family Medicine and OB care. LCC offers services for the uninsured and the under insured which include family services, prescription assistance, and dental referrals.

Services

Linn Community Care provides comprehensive primary medical care. Clinicians and staff use EMR to chart each patient- LCC offers its patients a Message Nurse to help immediately answer patient questions via the telephone. A fully equipped CLIA certified laboratory and full-time Lab Assistant, as well as a Full-time Lab Technician for outreach services provide simple lab tests and results. LCC participates in the 340B Drug Pricing Discount program. LCC also offers it's homeless patients free perscription assistance through a local pharmacy, funded through donations.

Statistics

Estimated homeless population: 3,000 - 5,000 Patients served: Currently unknown due to 2008 floods.

People's Community Health Clinic, Inc.

905 Franklin Street
Waterloo, IA 50703

Director: Jennifer Lightbody
HCH Coordinator: Joan Hoeft, RN, MS
Medical Director: Susan Duclos, MD/Kim Neuman, MD
UDS Number: 071410

Project Description

People's Community Health Clinic (PCHC) has a homeless health care team which provides outreach services and refers persons who are homeless to needed services.

Services

The homeless health care team visits shelters, street locations, and transitional housing units to assess persons who are homeless, to encourage them and arrange for them to receive medical, substance abuse, and mental health services. PCHC's physicians, PAs, and nurse practitioners provide preventive and acute health care services. A certified substance abuse counselor is on staff for evaluations of clients. The center also has a dental clinic.

Linkages

People's Clinic is a member of the local Homeless Coordinating Board. PCHC works cooperatively with local antipoverty agencies, the food bank, shelters, County relief offices, VA, and other State and Federal agencies providing services to persons who are homeless. Linkages are also in place with faith based

organizations who assist individuals who are homeless with their basic needs. PCHC has a referral relationship with Black Hawk/Grundy Mental Health Center for mental health services. Pathways and Covenant Medical Center are local organizations that provide chemical dependency treatment.

Statistics

Estimated homeless population: 1000 Patients served: 748

The Outreach Project - Primary Health Care, Inc.

979 Oakridge Drive

Des Moines, IA 50314

Director: Kelly Huntsman, RHIA

HCH Coordinator: Bobbretta Brewton, EdD, LBSW

Medical Director: Bery Engebretsen, MD

UDS Number: 070550

Project Description

The Outreach Project (TOP) of Primary Health Care is a blend of a McKinney-funded project, including three maternal/child-funded programs serving pregnant and parenting families through Healthy Opportunities for Parents to Experience Success/Healthy Families America, Healthy Start, and Empowerment. TOP also works closely with Projects for Assistance in Transition from Homelessness (PATH), CAP, U.S. Department of Housing and Urban Development (HUD) and other community-based mental health and housing programs. Last year, TOP completed a food assistance campaign for the State of Iowa through a grant from the U.S. Department of Agriculture and the Food Assistance Program. The Outreach Project maintains outreach clinics in missions, shelters, and multi-service agencies. Project staff conduct outreach visits around or near bridges and in abandoned buildings where individuals who are homeless congregate.

Services

The clinic operates weekdays providing services, including primary health care, substance abuse screening, mental health screening, referrals, and advocacy. The program is staffed by approximately 1.8 FTE providers. Outreach staff travel daily throughout the city. The two free-standing sites are located at the House of Mercy and The Homes of Oakridge campus. Services recently added include chronically homeless-street outreach, food assistance outreach enrollment, mental health outreach services, and a Social Security claims station.

Linkages

TOP works closely with other McKinney-funded programs in Des Moines serving youth and young mothers. TOP has established linkages with 100 agencies and organizations, including area shelters, Iowa Department of Human Services, substance abuse treatment centers, Des Moines Department of Housing Assistance, and religious and private organizations. Other community connections include Healthy Start, Visiting Nurses Association, and Iowa Empowerment.

Statistics

Estimated homeless population: 6,008 Patients served: 1,938
