Medical Director: C.W. Shafer, MD
UDS Number: 81450

Project Description

Falls Community Health is a nonprofit clinic that provides complete primary health care and dental care for all age groups. Anyone can be a patient at the clinic. Our goal is to provide an open door to medical and dental care.

Services

Services include acute care, chronic health care, health maintenance and physical exams, lab and x-ray services, well child care and immunizations, family planning services, patient education and disease prevention, mental health counseling, confidential HIV testing and care. Routine dental care, emergency dental care and fillings, cleanings, and extractions.

Linkages

FCH refers to private and public agencies whenever services aren't available in the clinic.

Statistics

Estimated homeless population: 500-600 Patients served: 600

UDS Number: 081890

Project Description

Rapid City Community Health Center Outreach Program is a project of the Rapid City Community Health Center. The program's main office is located at the Cornerstone Rescue Mission with outreach sites at the mission, as well as Working Against Violence Shelter, Pennington County Community Action Project, Salvation Army, Cornerstone Rescue Mission Women and Children's Shelter, and Cornerstone Rescue Mission-Men's.

Services

Primary health care services are provided at all sites. The sites are staffed by a full-time PA-C, medical clerk, and case manager/mental health counselor. Substance abuse counseling is provided in conjunction with Pennington County Alcohol and Substance Abuse Center. Additional service needs are met through referral to the main site of Rapid City Community Health Center and other agencies.

Linkages

HCH refers to private and public agencies whenever services aren't available in the clinic.

Statistics

Estimated homeless population: 2,500 Patients served: 1,029
