Project Description

Valley Health Systems (VHS) coordinates a statewide Health Care for the Homeless program, administered through five organizations located in the cities of Huntington, Charleston, Wheeling, Beckley, and Morgantown.

Services

VHS, in conjunction with the Cabell-Huntington Coalition for the Homeless, provides direct services -- via a team model -- out of Harmony House and administrative oversight through subcontracts with four other organizations. Harmony House is a multi-purpose center for persons experiencing homelessness. The health care team comprises a nurse practitioner, counselor, medical director, dentist, and social and outreach workers. Services include primary medical care, substance abuse/mental health assessment, counseling and referral, transportation, dental care, showers, laundry, and assistance in acquiring housing, employment, and other social services.

Linkages

The project works closely with Cabell-Huntington Coalition for the Homeless to arrange linkages with other resources and services in Huntington.

Statistics

Estimated homeless population: 8,500 Patients served: 5,883
