HCH Coordinator: Paul W. Wright, BA, BSW

Medical Director: Connie M. Miller, FNP-C, CDE, BC-A

UDS Number: 084620

Project Description

The main focus of the Cheyenne Crossroads Clinic is the provision of quality health care for individuals and families who are currently homeless in Laramie County. The clinic is staffed weekdays and Thursday evenings by a mix of clinic staff and volunteer doctors, nurses, and family nurse practitioners.

Services

The Cheyenne Crossroads Clinic provides primary health care with voucher referrals and transportation to community providers for dental, mental health, substance abuse, pharmaceuticals, and radiology care. Although the clinic focuses on providing quality primary health care, staff works with various social service agencies to meet the non-medical needs of individuals and families who are homeless. Additionally, the clinic helps both low-income and homeless individuals apply to various pharmaceutical assistance programs.

Linkages

Other agencies and programs that are closely involved with the Cheyenne Crossroads Clinic include Alcohol Receiving Center, Chrysalis House (alcohol and substance abuse treatment center for women), Safehouse (emergency shelter for women and children who are in an abusive relationship), Comea House (emergency shelter for those who are homeless), Department of Family Services (public assistance and social services), Departments of Vocational Rehabilitation, Developmental Disability Programs, Medicaid and Medicare programs, Head Start, Community Action of Laramie County, AIDS programs, Wyoming Primary Care Association, Wyoming Coalition of the Homeless, State of Wyoming TB Program, City/County Health

Department, Veterans Administration, and other local community organizations, which include ministerial and volunteer agencies.

Statistics

Estimated homeless population: 5,000 Patients served: 1,028

UDS Number: 083970

Project Description

The 12th Street Clinic is administered by the Community Action Partnership of Natrona County. The 12th Street Clinic provides primary health care, outreach, case management, mental health, substance abuse, and social services to individuals and families at a social service center campus near downtown Casper.

Services

The 12th Street Clinic provides a comprehensive health care program to meet the unique needs of individuals who are homeless. Outreach and case management are provided and staff works closely with other community agencies to ensure that individuals benefit from available services. Services include primary care, preventive, limited dental and vision care, and medication. Mental health and substance abuse counseling are provided on-site through a contract with Central Wyoming Counseling Center.

Linkages

The 12th Street Clinic has linkages through qualified services organization agreements. These agencies include emergency shelters, transitional housing programs, substance abuse treatment programs, emergency services programs, the local housing authority, Community Health Center of Central Wyoming, Wyoming Medical Center, WIC, vocational rehabilitation, employment service center, schools, Covering Kids Outreach, Department of Family Services, and AIDS programs. The clinic is active in the Casper Area Homeless Collaborative, a regional continuum of care, and the State Homeless Advisory Council.

Statistics

Estimated homeless population: 1,800 Patients served: 1,100
